CATALYST TERMS & CONDITIONS

All orders are subject to acceptance by CATALYST, and such acceptance is conditional upon the Purchaser's acceptance of the terms and conditions printed below. Purchaser's taking delivery of any merchandise or payment of invoice shall be conclusive evidence of Purchaser's acceptance of such terms and conditions.

General:

CATALYST may immediately terminate Purchaser's ability, if any, to purchase merchandise on credit or otherwise at any time, at CATALYST's sole discretion. All terms and conditions are subject to change by CATALYST without prior notice, CATALYST reserves the right to discontinue product lines and to make changes in products at any time without notice. The availability of some products may be limited. No supplement, modification or amendment of these terms and conditions will be binding upon CATALYST unless made in writing and signed by a duly authorized representative of CATALYST.

Special Order:

Special order items (including samples) cannot be returned or cancelled once an order is placed. Allow an additional 2-4 weeks lead time for special order items that are available at time of order. All special order colours, sizes and styles are subject to availability. CATALYST reserves the right to decline orders for items unavailable at time of order.

Back Orders:

Every attempt will be made to ship Canadian stock orders complete. However, inventory availability may necessitate a split shipment, subject to customer approval. Canadian stock back orders will be shipped ground freight-prepaid (our expense) once ALL backordered stock is available to fill the order. Customers can opt to cover the freight cost to partially ship backorders (CATALYST will cover the freight cost of one backorder shipment only). Customers can opt to pay the difference to ship by air. Unforeseen back orders pertaining to 'discontinued stock' will be cancelled and customer advised accordingly.

Pricing:

Although we endeavour to maintain the current price for the duration of the season, extraordinary circumstances may obligate us to make changes.

All applicable taxes are extra. Prices are subject to change without prior written notice.

Booking orders are shipped at the prices/terms quoted at the time of booking. Extraordinary circumstances may require a temporary change to that policy. If that should occur, customers will be notified and will be given the option to revise their booking order.

Confirmations:

CATALYST will send an order confirmation for each unique order placed. In order to expedite your order, this confirmation should be reviewed immediately for accuracy, advising Customer Service if any discrepancies are noted. If you did not receive a confirmation, we might not have received your order. CATALYST will not pay for expedited shipments on orders that were not confirmed. Please contact CG-orderdesk@catalystbiz.com if you did not receive a confirmation.

Phone Orders:

CATALYST CSR's will accept and process phone orders, but the customer must review the order confirmation for accuracy. CATALYST will not accept any responsibility for errors pertaining to orders taken over the phone.

Modifications to Orders:

Once an order has been released to the warehouse for picking, no changes can be made. Any additional items will be processed as a new order. Any cancelled items will be processed as a return.

Shipping:

Orders placed with CATALYST are shipped FOB our warehouse in Oakville, Ontario, meaning the freight charges from Oakville onward are the responsibility of the customer. In the absence of specific shipping instructions on a PO, or a letter specifically covering ongoing PO's, all orders will be shipped as follows:

- CATALYST will ship the order in an economical manner, at the customer's preferred service level. We will "Prepay" the freight charges and add those charges to the customer's invoice.
- The customer has the option of having their order shipped "Freight Collect". In those cases, CATALYST will ship the order using the customer's carrier of choice. All freight charges will be billed to, and become the responsibility of, the customer. It is each customer's responsibility to provide their "freight collect" account number at the time of ordering.

CATALYST will not be responsible for non-delivery, delay, loss or damage during shipment. Insuring the product is up to the buyer not the responsibility of CATALYST. You will be sent tracking information. It is your responsibility to track the shipment to ensure delivery. Issues with non-delivery need to be reported within 48 hours of the expected delivery date.

Customers looking for same-day shipping should have their orders submitted by 10am and indicate it is a "Rush Order". During peak times or for large orders, same day shipping may not always be possible.

Payment:

VISA, Mastercard, AMEX and e-transfer can be used for payment. Customer can apply for terms. Allow 3 weeks for credit approval. Terms are net 30 days from date of invoice O.A.C. Overdue invoices will be charged interest at a rate of 2% per month (24% per annum). Overdue payments will result in future orders being held until account is rectified and may not be eligible for future discounts.

Returns:

CATALYST will accept returns for up to 90 days from order delivery for Canadian stock items in re-sellable, like new condition. No claims will be accepted after this date. A 20% restocking charge will be levied. All returns must be submitted for approval by completing the Return Authorization Request form on CatalystGroupBrands.com. Goods should only be returned once a Return Authorization # is received. The RA# must be clearly marked on the returned shipment. No credit will be issued if product is deemed not re-sellable (product that's been worn, has pet hair on it, has any odours, etc.)

Special Order and PPE items cannot be returned or cancelled once an order is placed. This includes samples and large quantities of Canadian stock items that were brought in specifically for your order.

Claims:

Shipments should be checked immediately after receiving for damage and accuracy. It is the account's (or their delegate's) responsibility to inspect all orders upon receipt to ensure they have been shipped to your style, size and colour specifications. Return authorizations will be issued for defective merchandise and/or fulfillment errors within 30 days of order delivery. The RA# must be clearly marked on the returned shipment. No claims will be accepted after this date. Replacement orders will be shipped ground freight-prepaid (our expense). Customer can opt to pay the difference to ship by air instead. If a garment has been altered or decorated, only the cost of the garment will be covered. The cost for decoration will not be reimbursed. It is the customer's responsibility to thoroughly check garments before they are modified. Garments damaged by a 3rd party decorator are not the responsibility of CATALYST.

Samples:

All sample orders of Canadian stock items can be returned within 30 days with no re-stocking fee. Samples MUST be in re-sellable condition. Customer pays freight to ship and return samples. See sample program for more details.

Terms & Conditions are subject to change without prior written notice.
